DETAILED ACTION

Allowable Subject Matter

Claims 1 – 24 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

Claims 11 - 20, 23 and 24 are allowable for the reasons stated in the previous action.

Regarding Claim 1, 4, 7, 9, 21 and 22 the prior art of record does not explicitly teach wherein the envelope calculation means calculates a positive envelope in a positive region of the input signal and a negative envelope in a negative region of the input signal. While these features are well known in the art, it would have been obvious to modify the prior art to reach this limitation in combination with the remaining limitations in the claim. Kondo uses the upper four bits of an upper-layer image stored and there would be no reason to calculate these regions of an envelope.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to ANDREW C. FLANDERS whose telephone number is (571)272-7516. The examiner can normally be reached on M-F 8:30 - 5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Curtis Kuntz can be reached on (571) 272-7499. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
